Background

(SBU) TPS for Nicaragua and Honduras will expire January 5, 2018; for Haiti January 22, 2018; and for El Salvador March 9, 2018. The DHS Secretary must review and decide whether to extend or terminate TPS designations no later than 60 days before expiration, and intends to make a decision on El Salvador, Honduras, and Nicaragua by November 3, and on Haiti by November 22. DHS requested that the Department provide a report and recommendation on whether the conditions for each country's TPS designation continue to be met and whether further extension, potential re-designation, or termination is warranted. The country reports have been edited according to your decisions and will be forwarded to DHS per your decision on this memo.
